

Spirit of God

Spirit of God, You are so boundless and free
Yet only go where You are received
Into willing hearts, vessels of love
Who free themselves to follow Your lead

Spirit of God, As I respond to Your touch
You show me more of who my God is
With You in my heart, filling each part
There are no limits to what I can give

Heavenly host, You're always drawing me close
To the one I love above all
So may I never delay, or turn You away
But always meet You with an open heart
Holy Spirit of God
Come and be free in my heart
