

You have my heart

Every day I come to see
More of who You are
And who You are to me
I lay my life down at Your feet
Surrender all
I give You everything

Chorus:

*You have my heart
You have my soul
With all I am, Lord, I am Yours
And with our love we make You whole
Our hearts were made for You
To be Your all in all*

I choose the path that leads to You
I take each step
For me there's no return
No sea too deep or mountain high
My heart is set
You will not be denied
